Welcome to Suburban Eatery where our aim has been to create a modern fresh contemporary environment where we can combine our passions for service, great food and coffee and a celebration of everything Ellesmere has to offer into a space where people can eat, drink and gather.

We are proud to live locally, and invest locally and welcome the Eatery into our group of companies.

We commissioned Antonia Dawson a local photographer and resident of Leeston to help us showcase local business and points of interest around Ellesmere that thrive and are unique to the area. Our artwork and table names reflect those amazing images we captured in the first of our “loving local” series.

We hope you enjoy your eating, drinking and your socialising at Suburban Eatery,

We love it when you love it, thanks for your support.  
Regards Paul & Manu

**Open 7am to late daily**
